

Kiilto Aspi Powder

Weakly Alkaline All Purpose Cleaner

Weakly alkaline chlorine based general cleansing detergent for hygienic washing of surfaces.

Application

For the cleaning of surfaces, especially in the damp interiors of washrooms, sauna baths, lavatories, showers and other washing areas. For the washing of surfaces in institutional kitchens, shops, food industry,

Product properties

Weakly alkaline
Chlorine based
Fast-acting
Bleach surfaces, does not scratch.
Already effective in cool water and points of application.

Instructions for use

Wash surfaces, rinse and dry as required.
Attention! Use cool water, wash temperature maximum 40 °C.

Recommended dosage:

- For cleansing of surfaces and fixtures in sanitary and maintenance as well as kitchens 5-15 ml / 1 L water
- For hygienic cleansing of surfaces and fixtures in sanitary and maintenance as well as kitchens 15 ml / 1 L water
- To get rid of hard-to-remove dirt and grime, sprinkle Aspi directly onto the damp surface or a brush and scrub, rinse and dry.

Note

Irritates eyes. Use protective gloves. Avoid spray and dust inhalation. Efficiency optimal during the 36-month period from date of manufacture.
Should not be washed hot surfaces with and must not be mixed with acids as this will develop hazardous chlorine gas.
Attention! Use cool water, wash temperature maximum 40 °C.

Composition	Ingredient	Effect		
	Non-ionic surfactants	< 5 %	Removes dirt and lowers surface tension.	
	Anionic surfactants	< 5 %	Removes dirt and lowers surface tension.	
	Sodium dichloroisocyanurate (amount of active chlorine)	< 5 %	Disperses dirt and intensifies cleaning.	
	Phosphates	15 -30 %	Softens water and increases cleaning power	
	Corrosion inhibitor		Protects the metal surfaces being washed.	
Other composition	anionic tensides <5%, non-ionic tensides <5%, natriumdiklor-isosyanurat sodium dichloroisocyanurate <5%, phosphates 15-30%, corrosion inhibitor			
Solution pH	10.0 weakly alkaline			
Storage	Store in a dry, cool storage area (over 5 °C).			
Appearance and scent	White powder			
Country of manufacture	FINLAND			
User and environmental safety	Surfactants in the product are biodegradable. Clean, empty packaging materials can be recycled environmental safety or used in energy production.
