

F 19 Supe

Alkaline foaming detergent

Alkaline foaming detergent for light metal surfaces. Effectively removes grease and protein dirt.

Application

For cleaning open surfaces in the food industry, primary production and kitchen.

Product properties

Alkaline

The product has good surface moisturising ability and foaming capacity.

The product remains on the surface for a long time and provides a long-term washing effect.

Due to its diverse composition the product effectively emulsifies greasy and oily dirt and is suitable for all water-tolerant materials.

Particularly suitable for removing stubborn and burned on dirt.

Instructions for use

1. Prewash with lukewarm water (approx. 30 °C).

2. Apply the foaming solution on the surfaces. Let stand for 20-40 minutes (washing temperature 20-55 °C).

3. Rinse off the dissolved dirt and foam with lukewarm or warm water.

Recommended dosage 2-5% depending on the level of dirt.

Note

A material and environmentally friendly product.

Composition

Ingredient		Effect
Non-ionic surfactants	< 5 %	Removes dirt and lowers surface tension.
Anionic surfactants	< 5 %	Removes dirt and lowers surface tension.
Phosphonates	< 5 %	Softens water
Amphoteric surfactants	< 5 %	Removes dirt and lowers surface tension.
Monoethanolamine	< 5 %	Enhances washing, dissolves grease
Triethanolamine	< 5 %	Enhances washing, dissolves grease
Glycoether	< 5 %	Dissolves grease

Product pH

10.0 weakly alkaline

Solution pH

10.0 weakly alkaline

Storage

Storage temperature > 3 °C

Appearance and scent

Clear liquid.

Country of manufacture

FINLAND

User and environmental safety

Surfactants in the product are biodegradable. Clean, empty packaging materials can be recycled environmental safety or used in energy production.
